

A Special Message For Pastors

**From Missionary/Chaplain
Robby & Betty (Jeter) Jernigan**

(For added information, go to the *Want to Donate Page*)

Dear Pastor:

Thank you for your interest. Ours is a missionary effort to recruit, train, and place chaplains in emergency services departments across the United States. We are nationally-appointed U. S. Missionaries with the Assemblies of God – Chaplaincy Department. We are based near Springfield, Missouri, but our work takes us across the nation.

Our only funding comes from individuals and churches whom God has called to financially support this ministry. We have spent the last two years speaking in churches, raising awareness of the opportunity for emergency services chaplaincy and building a team of partners who financially and prayerfully support our work. We are only 75% funded at this time, and have elected to concentrate on the work of producing training materials and recruiting potential chaplains, rather than fund-raising, believing that God will touch others to join our support team as we are faithful in ministry.

Robby has over 16 years experience as a chaplain and continues to serve as chaplain for our local fire department. This ministry allows him to stay involved in reaching out to the lost and hurting in our community. Betty assists in prayer and in practical/office matters. We know first-hand the challenges and spiritual battle that accompany touching a fallen world. We believe God can use our experiences to help others in this area of ministry.

We want to bless your church by helping you connect with your community in a new compassion ministry among those who are in their greatest hour of need. We also want to help you build a strong, supportive relationship with emergency personnel in your area.

We help churches with special events honoring firefighters and other emergency services personnel. We help pastors initiate contact with local fire departments and law enforcement officers. We provide Suggested Operating Guidelines for departments that want to start a chaplaincy program. We make available on-site training as well as Internet-based training. We can also connect you with other available resources that will help your outreach. This is not just our job. It is our vision, our passion!

Please contact us if we can assist you in any of these areas. Thank you!
