

## Want To Take One or More Courses?

You must apply and be approved to take our courses. On average, it takes 4 to 5 hours to complete each course and take an on-line test. The first course is FREE for approved students. To take additional courses, there is a recommended minimum total donation of \$75. This is NOT a per course fee. Greater amounts are certainly appreciated. For information on how to donate, go to our Home Page and click on "**Cost?**"

Do you want to take our training? You will need to apply to become a student. Follow the instructions below: (See our Privacy Policy below)

1) Send an email to our program coordinator, Robby Jernigan, requesting to register as a student. His email address is: [robbyj@ipa.net](mailto:robbyj@ipa.net) Please include in your email: your name, city & state, along with a short paragraph explaining your background, current ministry involvement, and why you want to take this training. Based on this information, you will be contacted by email. If your preliminary request to register is accepted, you will be asked to proceed to Step Two of the registration process (see #2 below). Again, as an introductory offer, your first course is FREE.

2) Once you have been notified that your preliminary request to take our courses has been approved, please copy and paste the following information in an email and send it to [robbyj@ipa.net](mailto:robbyj@ipa.net)

**Why do we need this information?** The Internet is a vast expanse in which to cast a net. We want to spend our time training those who are serious about helping emergency responders and citizens in crisis - - those who want to actively participate in advancing the Kingdom of God.

**Can I download courses without becoming a student?** You may view samples of the courses on the "Training Available" page of our website. At this time, you are not allowed to download the complete courses unless you are a registered student. The courses are downloaded from a secluded website. Only registered students are given access to that site. Once registered, you will be given a link to the download site and a password to open the pdf files. For on-line testing, you will be given a link to the testing site, along with a user name and password to access the tests. Each course has written materials you must read and assignments you must complete BEFORE taking the online exam.

**Is there a time limit for completing the courses?** We recommend that you begin taking the course(s) and complete the associated on-line test as soon as possible. We suggest that you complete the courses you want to take within three months. If there are long delays in a student's progress, we may need to place a firm time limit on the availability of the course material.

**Privacy Policy** - - Your information will be **kept confidential** and **will not** be shared with outsiders. Periodically, you may be sent information regarding further ministry training opportunities, opportunities for fellowship with others of like interest, and information regarding this ministry.
